## Bulahdelah Pub 2 Day Ride

This has been a very popular ride over the years with all the groups that been on this ride with me.

This 2 day ride starts from the Dungog State Forest and then riding through the Avon River National Park through to Stratford for lunch and a refuel. After lunch, we move our way into the Craven State Forest then through Bulahdelah State Forest before arriving at the Bulahdelah for our overnight accommodation and some cool beers.

(Bikes will be locked up in the compound at the rear of the pub).

The support vehicle will meet us there with our overnight baggage so you can have a hot shower before heading to the bar! After a few beers and stories of the day, we will be sitting down to a two (2) course meal. Then some more stories and some more beers.

After a good night sleep, a full cooked breakfast will be provided. We will reload the support vehicle with our overnight bags, then it's back on the bikes to make our way back towards Dungog.

- **Lunch Provided 2 Days**
- **Dinner – 2 Courses**
- **Hearty Breakfast**
